

Connect to community resources.

We are here to help connect you to community resources that help meet your needs. Search our community resource directory, find the organization that meets your needs, and request services.

Family and Youth Services

Family counseling, adoption and foster care services, childcare programs, infant and child supplies, parenting support and education, and youth empowerment programs

Health Services

Medical bill and prescription assistance, wellness programs, health insurance enrollment assistance, maternity care, and chronic disease management

Work Services

Job search assistance, career counseling, job training resources, supported employment, and retirement and unemployment benefits assistance

Education Services

Student financial aid, special education programs, early childhood education programs, tutoring services, ESL classes, and GED programs

Financial Support Services

Assistance paying for housing, education, government benefits program enrollment, transportation, medical expenses, and tax preparation assistance

Food and Basic Needs Services

Food delivery, free or low-cost meals, food pantries, food vouchers, and farmers' markets. Goods like clothing, baby supplies, medical supplies, and toiletries

Emergency Services

Immediate, short-term assistance, including mental health crisis intervention services, emergency shelters, emergency financial assistance, disaster preparedness and response services, and heating and cooling centers

Housing Services

Housing counseling, emergency shelters, low-income housing, financial assistance, rental assistance, utility assistance, supportive housing, and home repair services

Legal Services

Free or low-cost legal representation, citizenship application assistance, and assistance with obtaining and changing identity documents

Social Supports

Information about intimate partner violence services, benefits assistance, LGBTQ services, disability services, senior services, and HIV/AIDS services

Transportation Services

Car repair assistance, free or low-cost transportation, disability-accessible transportation, driver's education, and more

Behavioral Health Services

Treatment and supportive services for mental health and substance use disorders, including rehabilitation, psychiatry, support groups, and therapy
